

FIRST Tech Challenge Kickoff 9-7, 2019

Parking for FIRST Tech Challenge on Sept. 7, 2019 at Central Magnet School will be in the back annex parking lot. The annex is located behind the school. The best way to get there is to turn right on Bilbro Ave located on the right side of the school and turn into the second parking lot entrance. Additional parking will be located in the front parking lot of the school, but the entry location for the kickoff will remain the fenced in area.

There is a fenced in area between the Annex and the main school building. Everyone should enter in at that area and then into the cafeteria. **Look for the signs.**
